Marcia E. Williams

PRINCIPAL

OVERVIEW

Ms. Williams has played a significant role in both the public and private sectors in the development, implementation and enforcement of federal and state regulatory programs, holding particular expertise in the solid and hazardous waste fields. She has specialized in helping regulated entities establish and strengthen EHS management programs, respond proactively to upcoming regulations and legislation, and improve the cost-effectiveness of EHS program implementation. In a distinguished 18-year career with the USEPA, she held senior management positions in multiple USEPA offices. She also held senior management positions at Browning-Ferris Industries and served as a member of the Board of Directors of Safety-Kleen Corporation. Ms. Williams has provided expert testimony in a wide range of litigation matters including insurance coverage cases, contract disputes, CERCLA cost recovery actions, toxic tort cases, federal and state civil and criminal enforcement matters, and NAFTA cases.

CONSULTING EXPERIENCE

Ms. Williams has managed projects ranging in size from \$50,000 US to over \$2,500,000 US. Her practice focuses on the following four areas:

REGULATORY EXPERT AND LITIGATION SUPPORT

Ms. Williams has served as a consulting and testifying expert in the areas of solid and hazardous waste regulations and practices, chemical and pesticide regulation under TSCA and FIFRA including PCB regulation, the regulatory process, the evolution of risk assessment and risk management applied to environmental regulation, the historical evolution of environmental knowledge and regulations, standard of care applied to particular waste and chemical management practices, the extent to which remedial activities are consistent with the National Contingency Plan, and evolution and design of environmental management systems. Ms. Williams has testified in approximately 65 matters and has also been engaged in numerous additional litigation matters that have not resulted in testimony. In addition to serving as an expert, Ms. Williams has managed litigation support projects including analyses of underlying case facts, chronologies of relevant regulatory history, comparative analyses of other enforcement actions, estimation of settlement costs, and development of case settlement strategies and proposals.

Representative Litigation Support Engagements (not involving expert testimony):

- For a large telecommunications firm, part of the legal negotiating team that achieved a settlement with the government providing multi-million dollar credit for the development of an enhanced environmental management system.
- For an aluminum company, development of the expected value cost of site remediation that contributed to the settlement of a contract dispute case.

Marcia E. Williams

PRINCIPAL

- For an automotive/aerospace firm, identification of underlying case facts, development of potential regulatory defenses, and participation in developing and successfully implementing settlement strategies.
- For an energy company, evaluated compliance and standard of care with regard to management of coal combustion residuals.
- For a chemical company, evaluation of whether its warnings and activities met the standard of care with respect to products it sold.
- For numerous large and small companies, evaluated a wide range of site-specific hazardous waste compliance issues.

ENVIRONMENTAL PERFORMANCE ASSESSMENT AND IMPROVEMENT

Ms. Williams has performed over 50 environmental, health, and safety management system projects in virtually every industrial sector as well as in public sector agencies. These projects have included evaluation of existing systems, design of new or enhanced system components, and development of EHS management systems from the ground up. Areas of focus include effective translation of complex EHS requirements into job-based specifications, assessment of management commitment and leadership applied to EHS, development of effective performance metrics, development of cost-effective performance verification tools, design of tools to address management of change, evaluation of the effectiveness of organizational structure and communication flows, development of accountability tools, resource assessments, and contractor/vendor management. Ms. Williams has lectured and written articles on EHS management system approaches and has provided expert testimony on EHS management system issues.

Representative EHS Management Engagements:

- For an automotive manufacturer, design of a successful management program at corporate and field level to ensure compliance with hazardous material transportation regulations.
- For a municipal water and wastewater agency, design of an environmental management system that achieved high rates of compliance with a wide range of environmental requirements.
- For a general manufacturer, evaluated and expanded its international compliance program to be consistent with its U.S. compliance program.

Marcia E. Williams

PRINCIPAL

- For a telecommunications firm, assessment of the adequacy of existing environmental resources and prioritization of needed supplemental resources.

STRATEGIC ENVIRONMENTAL COUSELING AND POLICY SUPPORT

Ms. Williams has performed numerous consulting engagements designed to address specific complex compliance, permitting, and remedial challenges including strategies for interacting with government entities. She has also performed environmental policy support to clients in the areas of impact analysis of upcoming environmental regulation and legislation, assessment and integration of acquisitions, closure or divestiture of facilities, facility siting, regulatory and legislative strategy to achieve business objectives, benchmarking of industry practices, and enforcement settlement strategy.

Representative Engagements:

- For a group of PRPs at a regional groundwater site, identified additional PRPs and evaluated allocation and cost recovery issues. Participated as a member of the settlement team in resolving claims between parties.
- For a petroleum company, performed probabilistic cost analysis of the company's largest remedial projects to design a strategy that would keep annual remedial payments at a stable level.
- For a diversified manufacturing company, evaluated the projected staffing needs for the corporate remedial group over the next decade, examining organizational options for improving cost-effectiveness.
- For a chemical company, evaluated the regulatory consequences of importing/exporting secondary materials for use in production when those materials were regulated as wastes in the EU.
- For a telecommunications firm, designed and implemented a benchmarking program focused on identifying best practices in several key EHS areas for companies with large numbers of non-manufacturing locations.
- For a recycling firm, evaluated the cost impacts of statutory use restrictions on the use of chlorinated solvents.

CORPORATE EXPERIENCE

ENVIRONMENTAL POLICY AND PLANNING, BFI (1988-1991)

- As Chair of Environmental Policy Committee for the second largest waste management company in the world, with \$3 billion in annual revenues, built

Marcia E. Williams

PRINCIPAL

environmental management framework, developed environmental policies for operating subsidiaries and communicated company environmental accomplishments.

- Crafted major market development strategies by analyzing and forecasting environmental trends, e.g., landfill markets in the 1990s, oil and gas waste management markets and California recycling markets and composting markets.
- Helped operating managers resolve environmental conflicts arising in permit hearings, siting decisions, regulatory interpretations and enforcement actions.
- Established proactive environmental regulatory and legislative program, saving substantial resources and allowing company to advance legislation or regulatory change on critically important issues such as interstate movement of waste, rate regulation, solid waste planning and disposal fees.

ENVIRONMENTAL AND REGULATORY AFFAIRS, CECOS INTERNATIONAL, BFI SUBSIDIARY (1988-1989)

- Developed zero defect environmental plan for 14 hazardous waste operating sites.
- Managed all aspects of compliance, audit, permitting, and remedial program.

LOS ANGELES, RECYCLING PROGRAM, BFI (1990-1991)

- Designed program to expand BFI's recycling operations in the Los Angeles market.

BOARD OF DIRECTORS, SAFETY KLEEN CORPORATION (1995-1998)

- Provided oversight on corporate government and strategic direction.
- Chaired environmental committee of the Board.

GOVERNMENT EXPERIENCE

USEPA OFFICE OF SOLID WASTE (SEPTEMBER 1985-FEBRUARY 1988)

- Directed 250-person, \$40 million annual program to implement the 1984 Hazardous and Solid Waste Amendments, which required issuing over 70 new, controversial rules in three years. Received USEPA's distinguished career award.

Marcia E. Williams

PRINCIPAL

- Regularly represented USEPA before Congress, states and trade associations as well as with senior government officials in Japan, Australia, and India.

USEPA OFFICE OF PRETICIDES AND TOXIC SUBSTANCES (DECEMBER 1983-SEPTEMBER 1985)

- Managed day-to-day operations of OPTS, a 1,400+ person organization responsible for regulating pesticide and chemical use. Received President's Meritorious Rank Award for significant improvements in the office's workings.
- Led US delegation on international chemical activities for more than three years.

USEPA OFFICE OF TOXIC SUBSTANCES (JANUARY 1981-DECEMBER 1983)

- Managed 400-person office responsible for new and existing chemical reviews (including regulations on PCBs and asbestos under Toxic Substances Control Act). Received William A. Jump Award for Excellence in Public Administration.
- Chaired US delegation to OECD Chemicals Group.

USEPA OFFICE OF PESTICIDES (APRIL 1979-JANUARY 1981)

- Developed major agency actions to cancel or restrict pesticides such as EDB, toxaphene, lindane and wood preservatives. Crafted the process for re-registering all pesticides.

USEPA OFFICE OF PLANNING AND EVALUATION (MARCH 1978-APRIL 1979)

- Built from scratch the first high-level, centralized statistical evaluation office in USEPA, which became instrumental in reviewing all major agency regulations for data quality.

USEPA OFFICE OF MOBILE SOURCE AIR POLLUTION CONTROL (SEPTEMBER 1972-MARCH 1978)

- Supervised Inspection/Maintenance program and development of test procedures and emission factors for light and heavy-duty vehicles, including fuel economy driving test. Awarded USEPA Bronze Medal.

Marcia E. Williams

PRINCIPAL

USEPA OFFICE OF RESEARCH AND DEVELOPMENT (SEPTEMBER 1970– SEPTEMBER 1972)

- Performed statistical analyses and mathematical modeling to support ambient air quality standards.
- Member, Relative Risk Reduction Strategies Committee, Science Advisory Board, USEPA (1989 – 1990).
- Consultant to USEPA Science Advisory Board (1995-1998).
- Member, Science and Technology Research Priorities for Waste Management in California, prepared for California Integrated Waste Management Board (1992).
- Participant, Landfill Capacity and Siting Issues in California, California Integrated Waste Management Board (1994).
- Member, National Academy of Sciences Subcommittees on hazardous wastes, hazardous materials and groundwater contamination (1992 – 1998).
- Testimony before the US Congress on 12 occasions from 1983 – 1995.
- USEPA's National Advisory Committee for Policy and Technology, Subgroups on Wastes and Chemicals (1993 – 1996).
- Headed US delegation to OECD Chemicals Group (1980 – 1985).
